

*Dear Friends of St. Jude,*

*We at St. Jude Children's Research Hospital would like to sincerely thank you for your recent generous support. St. Jude is a place of hope for children battling cancer and other catastrophic illnesses. We will search for a cure until no child has to die in the dawn of life. Thank you so much for offering these children a second chance at a bright future and for being a part of the St. Jude family.*

*Sincerely,*

*Maruf Amin*
